Finishing Touches

Create a look that’s as individual as you are.
“As soon as we reserved our new home we couldn’t wait to move in, but then I started to worry about how to organise everything. Thank goodness for our Sales Adviser who explained how Finishing Touches could save endless trips to the shops and make moving house a really smooth transition.”

Finishing Touches are subject to availability and stage of construction. The product images contained in this brochure are for representational purposes only. Paint swatches and finishing options give an indication but we strongly recommend viewing physical samples at our Sales Centres before committing to your choice.
Homes as individual as you

Who would believe that moving house could be as simple as putting the key in the door to discover the home of your dreams? Finishing Touches was created to make the transition from your old home to your new Persimmon home a pleasure whilst keeping the process as simple as possible. Be it a kitchen or bathroom upgrade, a conservatory or designer carpets, they can all be in place on the day you move in.

Why Finishing Touches?

At Persimmon Homes we understand that everyone has their own sense of style and wants to create a living environment unique to them. That’s why we offer Finishing Touches. The service that lets you add or upgrade items in your new home to make it perfect to you. There’s no need for exhausting shopping trips, simply enjoy choosing your Finishing Touches with your Sales Adviser in the comfort of the sales office.

Here’s how it works

Once you purchase your new home you will be keen to start thinking about the finer details. You might have definite ideas about how you would like your home to look, or maybe you are looking for inspiration.

Either way your Sales Adviser will explain the whole selection of fixtures and fittings available and how they can be installed ready for your move-in date.
Make an appointment with your Sales Adviser and they will guide you through the range of stylish options available.

Please refer to the order form at the end of this brochure. As some items are build stage dependent, ensure you meet with your Sales Adviser at the earliest opportunity.
