HOW TO SIGN YOUR DOCUMENT DIGITALLY

There's no need to print a copy of your document, sign it, scan it and then email it back to us. Using either an app or built-in software, you can sign your document using a device or computer at home. Please follow the simple instructions below for your device/operating system:

Windows 10 (Acrobat Reader DC)

If using Windows 10 you will need a third-party app to sign documents. The easiest one and available as a free download is Adobe Acrobat Reader DC. You can download it here: get.adobe.com/uk/reader

1. Open your PDF with Adobe Acrobat Reader DC.
 2. On the right-hand side in your tools, select 'Fill & Sign'.
 3. Select 'Sign' in the Fill & Sign menu.
 4. Choose 'Add Signature'.
 5. Here you can:
 - use a typed version of your signature (choose from four handwritten fonts)
 - draw it with your trackpad if using a laptop
 - or import your signature from a photo.
 6. Hit 'Apply' to save your signature, then click on it and arrange it within your PDF.
-

iPhone or iPad

1. Open your PDF and select the Share tool. 
 2. Select Save to Files.
 3. Open the Markup tool. 
 4. Select the + and select 'Signature'.
 5. Select 'Add or Remove Signature' and hit + to add your signature using your finger.
 6. Hit 'Done' to save your signature, then arrange it within your PDF.
 7. Tapping your signature will let you drag it around the page and adjust its size.
-

macOS

1. Open your PDF using Apple's Preview app.
 2. Click the 'Markup' icon. 
 3. Then the 'Signature' icon. 
 4. Select 'Create Signature' and choose your preferred method.
 5. Hit 'Done' to save your signature, then click on it and arrange it within your PDF.
 7. Clicking on your signature will let you drag it around the page and adjust its size.
-

Android devices

Android users will need to install the 'Adobe Fill & Sign' app, available for free from the Google Play Store.

1. Select your PDF and open using Adobe Fill & Sign.
 2. Select the fountain pen icon to create a signature. 
 3. Use your finger to draw your signature above the blue line.
 4. Tap the fountain pen icon again and select your signature.
 5. Tapping your signature will let you drag it around the page and adjust its size.
